### **FUND-RAISER OPPORTUNITIES:**

#### *One Time Bottle Drive*

A one-time bottle drive is a fast, easy way to raise money for your organization. For example, if a Boy Scout troop has 40 members, and each collects about 100 bottles or cans from 5 friends or family members, they will collect 20,000 containers and the troop will receive \$1,000. All fund-raisers require a 10-day notification.

#### *On Going Drop-off Accounts*

Once a drop-off account is set up for an organization, members can bring bottles and cans to the site and specify the recipient of the money for their containers. Organizations will receive a check via mail quarterly. The ongoing drop-off account is perfect for:
